PRODUCT DESCRIPTION:

AMINO MATE is a natural liquid plant stimulant that contains organic materials and natural chelating agents that will enhance the nutrients and minerals to be readily available for plant and soil uptake. This ensures that **AMINO MATE** is more effective than other conventional liquid nutrient foliar treatments. **AMINO MATE** will assist your soil and crop growth with the following advantages:

- Improved efficiency and uptake of applied fertilisers
- Increase in root growth and mass
- Increased soil microbial and earthworm activity
- Better stress tolerance
- Improved plant cell division

APPLICATION RATES:

AMINO MATE can be applied via boom spray, drip irrigation, overhead irrigation or aerial.

AMINO MATE should be diluted with a minimum of 30 litres of water per hectare. If mixing with Ag Chemicals a compatibility test should be conducted prior to tank mixing.

CROP	RATE L/ha	COMMENTS
Vegetables	5-7	Apply after planting, repeat every 14-21 days
Fruit/ Tropical fruit	3-5	Apply after bud-burst, repeat every 21 days
Vines	3-5	Apply after bud-burst, repeat every 21 days
